

Every™ Part.
Genuine.

ReCon® MidRange Industrial Engines

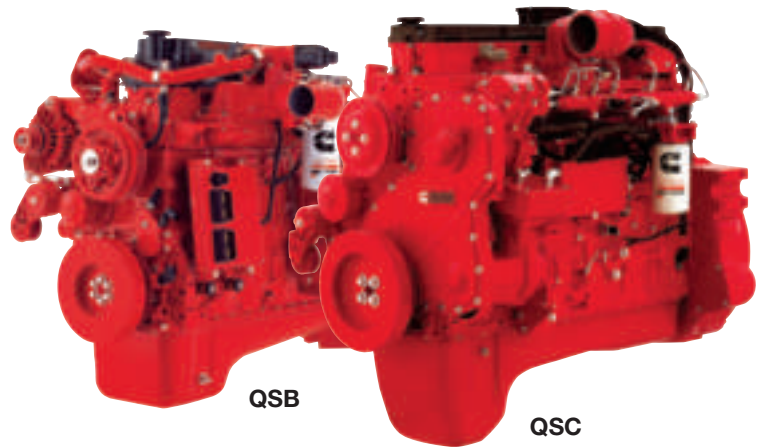

Every™ Engine. Genuine.

When you're on deadline, you can't afford an extra day of downtime for your industrial equipment. That's why our parts and service network is fully stocked with a complete line of Cummins ReCon® MidRange engines ready for immediate installation, including the QSB, QSC, QSL, 4B, 6B and C Series engines. With a ReCon exchange engine, repair time is cut dramatically. Plus, you get Genuine Cummins quality, for reliable performance.

Extra Value. Every Time.

No other supplier offers you this total-value package of reliability, performance, service support, warranty and price. With Cummins ReCon MidRange engines, you get:

- **Fast Turnaround** – Your equipment is back on the job in hours, not days. No risky machine shop repairs or unexpected delays.
- **Latest Advances** – These engines are remanufactured to the latest Cummins specifications for improved performance and fuel economy, using advanced components such as turbochargers that deliver quicker throttle response.
- **No-Hassle Core Acceptance** – Full value is awarded based on a simple visual inspection showing no external block damage.
- **Six Sigma Quality** – Cummins ReCon engines are assembled in the same plant using the same quality controls as we use on our new engines.
- **Superior Warranty** – 2-year/2,000-hour warranty covers 100% parts, labor and travel expenses, with unlimited hours during the first year. Full coverage continues through the second year until the unit exceeds 2,000 hours. Extended warranty options are also available.*

Every Application.

Cummins ReCon engines are available for virtually every type of equipment in every industry from construction, logging and agriculture to mining. The high productivity, low maintenance, excellent fuel economy, lower emissions and durability of Cummins ReCon engines make them a great choice for repowers. Ask your Cummins representative about our program to replace competitive engines with Cummins ReCon engines.

Every Confidence.

When you buy a Cummins ReCon MidRange engine, you know it's a quality product, built to perform efficiently and productively for a long time. Your engine warranty is backed by the largest parts and service network in North America. So no matter where your next job takes you, we're close by to provide the support you need. For additional details about Cummins ReCon MidRange engines, see your local Cummins dealer or distributor, or visit quickserve.cummins.com.
